Section 2

Application for any of the classes for membership established in Section 1 of this article except for Members in Training, Members in Training for Physics, and Retired or Inactive membership, shall be in writing on a form provided by the secretary. Application for all classes of membership except retired or temporarily inactive status shall include an agreement to abide by the bylaws of the chapter including the Code of Ethics of the American College of Radiology.

If an applicant is refused membership and requests a hearing on the denial of the application, the hearing shall be conducted in accordance with the procedures outlined in Article IV, Section 6, of these bylaws, including a possible report on the action to the National Practitioner Data Bank if the membership denial is based on reasons relating to professional competence or conduct that affects patient health or welfare.

When a member in good standing transfers from this chapter ("old chapter") to a chapter in another state ("the new chapter"), the old chapter, after receiving notification from the College of the change, should send a notice of the member's standing in the chapter and his or her original application to the ACR within a reasonable time, not to exceed six weeks.

When a member in good standing of another chapter transfers to this chapter, the ACR sends the member's file to the new chapter. The secretary of the new chapter shall notify the new member in writing that the transfer process has been completed. Chapter dues shall be assessed on a pro-rata basis for the year in which the transfer occurs.

Section 3

Members shall seek retired or temporarily inactive membership status by written request, which may be granted by the Executive Committee.

Section 4

The chapter adopts the centralized membership system of the College whereby:

1. The American College of Radiology sends both the ACR and chapter applications to the prospective member.
2. The prospective new member sends the application for the ACR and chapter membership to the ACR office with the necessary supporting data to fulfill the state chapter requirements.
3. If all the criteria are met, the ACR publishes, through the ACR Bulletin, the applicant's name to the chapter membership allowing 30 days for comment. The chapter will be granted, upon request, a 60 or 90 day waiting period. The ACR sends to the chapter secretary the chapter form that the applicant fills out to be on file with the chapter.
4. If there is no comment, the ACR dues and chapter dues are collected by the ACR and the chapter dues are forwarded to the chapter secretary along with the name and address of the new member.
5. If objection to the application is received, the application will be remanded to the chapter secretary for further processing.

Section 5

Any member of the chapter may resign by submitting a letter of resignation to the chapter secretary.

Section 6

1. The Executive Committee may censure, suspend, or expel any member of the chapter for violation of its rules, regulations, or principles, in accordance with the procedures outlined below.
2. Disciplinary questions related to such violations shall be initially referred, in writing, to the president of the chapter. The matter shall be referred to the chapter's Committee on Judicial Affairs, which shall investigate the merits of the charges. On the basis of the findings of this investigation, the Committee on Judicial Affairs shall recommend to the president either that disciplinary action be taken or that no such action be taken. If the Committee on Judicial Affairs decides that disciplinary action should be taken, its recommendation shall be submitted to the president in writing.
3. If disciplinary action is recommended by the Committee on Judicial Affairs, the member shall be notified in writing that a professional review action may be taken against him or her and the reasons for the proposed action. The member shall be informed that he or she has the right to request a hearing on the proposed action at any time within 60 calendar days. The member shall be provided with a written summary of his or her rights during the hearing. A member who does not request a hearing within the 60 day period waives the right to such a hearing and shall be deemed to have accepted the recommendation of the committee. The committee's report shall then be forwarded to the chapter's Executive Committee for ratification, in accordance with Section 9 of this article. If the disciplinary action is based on professional conduct or competence that affects or could affect patient health or welfare, the final decision of the chapter shall be reported to the National Practitioner Data Bank within 15 days. A failure to request a hearing after a complaint has been filed and found to be meritorious will also result in loss of membership in the chapter.
4. If the member requests a hearing on a timely basis, the president of the chapter must give him or her written notice of the time, place, and date of the hearing. The hearing shall take place no earlier than 30 calendar days after the date notice has been sent. Postponements and extensions of the hearing date may be granted by the hearing

officer on a showing of good cause. The notice of the hearing shall include the names of witnesses expected to testify.

5. The hearing shall be held before an arbitrator mutually acceptable to the physician and the chapter, a hearing officer appointed by the chapter who is not in direct economic competition with the member involved, or a panel of three active members of the chapter appointed by its Executive Committee who are not in direct economic competition with the member involved. The right to a hearing may be forfeited if the member fails to appear without good cause, and the member shall be deemed to have accepted the disciplinary action involved. If the right is forfeited without good cause, membership in the chapter may be terminated, and a report on the action may be forwarded to the National Practitioner Data Bank.
6. During the hearing, the member has the right to be represented by an attorney or other person of his or her choice; the right to have a record made of the proceedings, copies of which may be obtained by the physician on payment of any reasonable charges associated with its preparation; the right to call, examine, and cross-examine witnesses; the right to present evidence determined to be relevant by the arbitrator, hearing officer, or panel, regardless of its admissibility in a court of law; and the right to submit a written statement at the close of the hearing.
7. Evidence at the hearing should be presented first by the chapter Executive Committee and then by the member. The Executive Committee may then introduce evidence to rebut the member's evidence but may not introduce evidence or issues not previously raised either by the committee or by the member. The complainant shall be entitled to attend the hearing and may be required to testify. Judicial rules of evidence and procedure relating to the conduct of the hearing, the examination of witnesses, and the presentation of evidence shall not apply to a hearing conducted under the terms of these bylaws. The Executive Committee shall bear the burden of persuading the hearing officer or panel by a preponderance of the evidence that the action or recommendation is reasonable and warranted.

8. At the end of the hearing, the member has a right to receive the written recommendation of the arbitrator, hearing officer, or panel, including the basis for the recommendation. He or she also has the right to receive the written decision of the chapter, including the basis for the decision.
9. Ratification of disciplinary action against any member of the chapter shall require the affirmative vote of no fewer than three-fourths of the membership of the Executive Committee present at the meeting when the action is taken. On ratification by the Executive Committee, the disciplinary action shall be effective and be promptly reported to the Judiciary Committee of the American College of Radiology by the secretary of the chapter. Members against whom disciplinary actions are taken by the chapter may appeal the decision to the Judiciary Committee of the ACR.
10. If no appeal is made within 30 days, a letter containing the final decision shall be prepared by the arbitrator, officer, or panel, with a copy going to the member who is the subject of the disciplinary action. A waiver of the right to appeal shall be deemed to mean that the member has accepted the decision of the chapter. If the disciplinary action is based on professional conduct or competence that affects or could affect patient health or welfare, the final decision of the chapter shall be reported to the National Practitioner Data Bank within 15 days.
11. Before the ACR's Judiciary Committee hears an appeal, it shall notify, by registered or certified mail, the member in questions no fewer than 30 calendar days before its meeting that the member may then appear in person or be represented by an attorney or other person of his or her choice to present any arguments that the member believes will show that the disciplinary action should be reversed. If the member fails to appear or send his or her representative to the appeal hearing, then a final report of the chapter's decision shall be sent to the member and forwarded to the state medical board or licensing authority within 15 days in accordance with the regulations of the National Practitioner Data Bank.
12. If a majority of the Judiciary Committee determines that the disciplinary action taken by the chapter against one of its members is supported by the evidence and is the result of fair procedures that are consistent

with the Bylaws of the ACR and of the chapter, the Judiciary Committee shall affirm the disciplinary action. If a majority of the Judiciary Committee reverses the disciplinary action, the matter may be remanded in whole or in part for further proceedings or may be completely or partially dismissed.

13. The chapter's Executive Committee and the ACR's Judiciary Committee shall comply with all procedures for reporting adverse professional review actions based on professional conduct or competence that affects or could affect patient health or welfare to the National Practitioner Data Bank.
